Promoting and protecting the health of the public and the environment.

PUBLIC NOTICE
For informational purposes

OCRM has implemented a new procedure to process "**Maintenance and Repair**" requests. The changes are being implemented in order to streamline requests and allow OCRM to accurately track requests and quantify the amount of time staff dedicates to this service.

The attached request form will need to be filled out completely and must be submitted with applicable attachments as outlined in order for the request to be processed. Incomplete requests will be returned.

This process went into effect **January 8, 2007**; all incoming requests must use the attached form. Please contact Tess Rodgers or Curtis Joyner at 843-744-5838 for further information.

PUBLIC NOTICE

**S. C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
COASTAL ZONE MANAGEMENT CONSISTENCY CERTIFICATION**

In accordance with the S. C. Coastal Zone Management Act of 1977, as amended, Chapter V, S. C. Coastal Zone Management Program Document and the S. C. Administrative Procedures Act, the following projects have been received for determination of consistency with the S. C. Coastal Zone Management Program. Information on the Projects is available for public inspection at the:

*Office of Ocean and Coastal Resource Management
S. C. Department of Health and Environmental Control
1362 McMillan Avenue, Suite 400
Charleston, South Carolina 29405*

Comments must be received within ten days of the date of this public notice by January 22, 2007. The following projects are listed by project name or applicant, location, type of activity, type of permit, and permitting agency (see attached list of abbreviations and keys):

Beaufort County

BJWSA Administration Building Expansion, Permit ID# 07-07-01-01, Permit Number SCR10F082, TMS# R600-010-000-0021-0000, WW/WS, SCDHEC# 36047/57013, located off of Snake River Road and Highway 170, Okatie, OCRM (SW)(WW/WS)

Berkeley County

Turtle Pond Road, Permit ID# 08-06-12-12, Permit Number SCR10F010, TMS# 222-00-00-107, located near Summerville at the intersection of US Highway 17-A and Turtle Pond Road, OCRM (SW)
Carnes Crossroads Entrance Road to Phase I, Permit ID# 08-07-01-01, Permit Number SCR10F070, TMS# 222-00-00-135, WW, SCDHEC# 35906/56977, WS, SCDHEC# 35906/56979, located off of Highway 176 and 17-A, Goose Creek, OCRM (SW)(WW/WS)
Daniel Island Clubhouse Expansion, Permit ID# 08-07-01-02, Permit Number SCR10F086, TMS# 271-00-00-001, located on Daniel Island, OCRM (SW)

Charleston County

Stono River Water Main Replacement, Permit ID# 10-06-12-21, Permit Number SCR10F045, TMS# 346-00-00-006, & 343-09-00-011, located along Maybank Highway at the west and east side of the Stono River, OCRM (SW)
Boasso America Corporation, Permit ID# 10-06-12-22, Permit Number SCR10F069, TMS# 466-00-00-009, located at Parcel H of Macalloy Subdivision north of Pittsburg Avenue, North Charleston, OCRM (SW)
Cool Blow Mixed Use, Permit ID# 10-07-01-01, Permit Number SCR10F085, TMS# 461-13-03-021, located at 1 Cool Blow Street, OCRM (SW)
Electrical System & Blower Improvements Plum Island Water Pollution Control Plant Charleston CPW, Phase 1, SCDHEC# 36026/57008, located off of Plum Island, OCRM (PER)

Dorchester County

McKewn Plantation, Phase 9, Permit ID# 18-07-01-01, Permit Number SCR10F087, TMS# 163-00-00-001, 002, and 004, WW/WS, SCDHEC# 36066/57015, located off of Patriot Boulevard approximately 5400' from intersection with Palmetto Commerce Parkway, North Charleston, OCRM (SW)(WW/WS)
McKewn Plantation, Phase 2, Permit ID# 18-07-01-01A, Permit Number SCR10F100, TMS# 162-00-00-003, 004, 005 and 163-00-00-001, 002, 003, 004 and 005, WW/WS, SCDHEC# 36066/57018, located off of Patriot Boulevard approximately 5400' from intersection with Palmetto Commerce Parkway, North Charleston, OCRM (SW)(WW/WS)

Horry County

Hess Express #40222, Permit ID# 26-06-12-12, Permit Number SCR10E943, TMS#181-13-19-001, located at 900 South Kings Highway, Myrtle Beach, OCRM (SW)
Forest Glen, Phase 1, Permit ID# 26-06-12-15, Permit number SCR10F072, TMS#122-00-05-005, WW/WS, SCDHEC# 35926/56993, located off Dunn Shortcut Road, Conway, OCRM (SW) (WW/WS)
Dogwood Estates at Island Green, Permit ID# 26-06-12-16, Permit Number SCR10F073, TMS#190-00-01-009, WW/WS, SCDHEC# 135946/56995, located at the end of Sunnehanna Drive and off of Highway 707 in the Socastee Section, Myrtle Beach, OCRM (SW) (WS/WW)
Carolina Forest Commercial Center, Lot 6, WW, SCDHEC 35986/56996, located at the intersection of Renee Drive and Postal Way in the Carolina Forest Section off Highway 501, GSWSA (WW)
Heritage Estates Subdivision, WW/WS, SCDHEC# 36006/57010, located approximately ½ mile from the intersection of Highway 57 and Punk Road in the Wampee Community, Little River, GSWSA (WW/WS)

SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

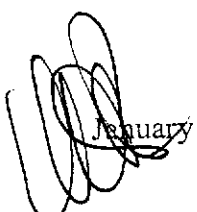

C. Earl Hunter, Commissioner

Promoting and protecting the health of the public and the environment.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# **OCRM-03-057-R, STEPHEN CARROLL**, has requested an amendment to that issued permit. Specifically, the applicant proposes to extend the permitted walkway from 4' x 415' to 4' x 493'. The applicant also proposes to move the permitted ebbside floating dock channelward of the pierhead and delete the permitted catwalk from the boatlift. The proposed amendment is for modifications to a private, recreational dock on and adjacent to Wando River at 1970 Sandy Point Lane, Rivertowne, Mount Pleasant, Charleston County, South Carolina.

Written comments will be received on this amendment request until **January 22, 2007** at the address listed below. For further information please contact the project manager, Tess Rodgers, 843-747-4323 ext. 116.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# **OCRM-05-259-L, Thomas K Moore**, has requested an amendment to that issued permit. Specifically, the applicant proposes to increase the total square footage from 160 ft.² to 260 ft.² which will include a 12' x 13' covered pierhead, a 3' x 20' ramp leading to a 8' x 13' floating dock, and a 12.5' x 12.5', four-pile boatlift. Also, the applicant would like to move the dock to the left side of the property. The proposed amendment is for modifications to an existing dock on and adjacent to Wappoo Creek at 226 Norris Ave., Charleston, Charleston County, South Carolina.

Written comments will be received on this amendment request until **January 22, 2007** at the address listed below. For further information please contact the project manager, **Amanda H Flake, 843-744-5838.**

**PUBLIC NOTICE
ADMENDMENT REQUEST**

The permittee for P/N# OCRM-06-540, James Huntley, has requested an amendment to that issued permit. The applicant proposes to relocate the existing 10' x 16' pierhead to the uplands. The 3' x 15' access ramp will be relocated eddside of the pierhead and will extend from the bulkhead. The ramp will lead to an 8' x 12' floating dock which will be reduced from 10' x 12'. The proposed amendment is for modification to the private recreational use dock on Williams Creek at 343 52nd Ave, Cherry Grove, Horry County, South Carolina.

Written comments will be received on this amendment request until January 15, 2007 at the address listed below. For further information please contact the project manager, Tanitra S. Marshall, at 843-238-4528.

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

January 12, 2007

Permit Number: OCRM-06-338-R
Permit ID: 56063

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Roger Miller and Edward Morris
C/O Cox Marine
3420 Maybank Hwy
Johns Island, SC 29455

LOCATION: On and adjacent to Wando River at Lot 19 & 20 River Vista Way, The Harbour at Dunes West, Mount Pleasant, Charleston County, South Carolina.
TMS#: 594-05-00-651, 594-05-00-652.

WORK: The work as proposed consists of constructing a joint-use dock. Specifically, the applicant seeks to construct a 'Y'-shaped walkway from each lot converging into one 4' x 328' walkway, with handrails, that will lead to a 20' x 20' covered pierhead. One each side of the pierhead, floating docks are proposed - one 10' x 39' and the other 10' x 40'. Landward of the floating docks, 12' x 14', four-pile boatlifts are proposed. The work as described is for the applicant's joint, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

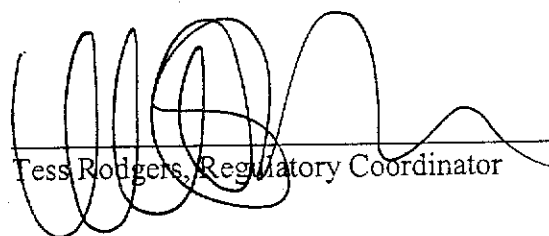

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Tess Rodgers at 843-747-4323 ext. 116.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

January 12, 2007

Permit Number: OCRM-06-355-M
Permit ID: 56278

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Joseph P. Anderson, Jr.
P.O. Box 62
Hollywood, SC 29449

LOCATION: On and adjacent to Wadmalaw Sound at 5955 Shealy Drive, Meggett, Charleston County, South Carolina.
TMS#: 193-00-00-070.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 137.9' walkway leading to an 18' by 20' covered fixed pierhead, both with handrails. The applicant also proposes to install a 12' by 20' covered boatlift on the ebbside of the proposed pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

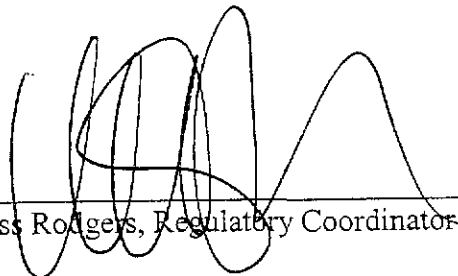

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

January 12, 2007

Permit Number: OCRM-06-370-F
Permit ID: 56605

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Terry Durr
C/O Watersdeep, Inc.
PO Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Ashley River at Lot 11 Stoney Poynt Court., North Charleston,
Charleston County, South Carolina.
TMS#: 410-00-00-057.

WORK: The work as proposed and shown on the attached plans consists of adding to an existing dock. Specifically, the applicant seeks to add handrails to the 4' x 167' walkway and 16' x 16' pierhead, add two 5.5' x 10' covered triangular sections to the pierhead, add a roof, counter, fish sink, benches, and overhead fishing rod hangers to the pierhead. The applicant also proposes to add a new 'L' shaped 3' x 50' catwalk leading to a new 12.5' x 12.5' covered boatlift to the floodside of the pierhead. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Amanda Flake at 843-747-4323 ext. 149.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

January 12, 2007

Permit Number: OCRM-06-384-F
Permit ID: 56770

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Thomas Dean, Jr.
C/O Dock And Marine, Inc.
PO BOX 12699
Charleston, SC 29422

LOCATION: On and adjacent to a tributary of Folly River at 1502 E. Ashley Ave., Folly Beach,
Charleston County, South Carolina.
TMS#: 439-14-00-077.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to construct a 4' x 873' walkway leading to a 6.5' x 10' covered pierhead. Ebbside of the pierhead, a 3' x 20' ramp will access a 6.5' x 14.5' floating dock. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Amanda Flake at 843-747-4323 ext. 149.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

January 12, 2007

Permit Number: OCRM-07-001-M
Permit ID: 56963

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Townsend P. Clarkson & Alfred T. Clarkson, III
2057 Rookery Lane
Charleston, SC 29414

LOCATION: On and adjacent to Store Creek at 8488 Edisto Oak Lane (Tracts A & B), Middleton Plantation Subdivision, Edisto Island, Charleston County, South Carolina.
TMS#: 028-00-00-055.

WORK: The work as proposed and shown on the attached plans consists of constructing a joint-use dock. Specifically, the structure will have a 5' by 39' walkway leading to a 20' by 20' covered fixed pierhead, both with handrails. On each side of the pierhead a ramp will lead to a 10' by 20' floating dock. The applicant also proposes to install a 13' by 13' four-pile boatlift landward of each of the proposed floating docks. The purpose of the activity is for the joint recreational use for the owners of Tracts A & B.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

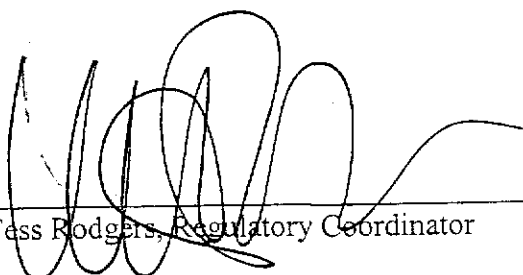

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

January 12, 2007

Permit Number: OCRM-06-555
Permit ID: 55616

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Veronica Morrison
c/o Alton W. Alexander
5401 N. Ocean Blvd.
N. Myrtle Beach, SC 29582

LOCATION: On and adjacent to Man-Made Canal at 330 51st Ave N, Cherry Grove, Horry County, South Carolina.
TMS#: 145-03-24-010.

WORK: The work, as proposed and shown on the attached plans, consists of constructing a replacement bulkhead. An existing 65' long wooden bulkhead will be removed and replaced with a vinyl bulkhead, to be built in the same location. The purpose of the proposed activity is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007. For further information please contact the project manager for this activity, Tanitra S. Marshall at 843-238-4528.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

January 12, 2007

Permit Number: OCRM-07-802
Permit ID: 57002

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Joseph W Walters Jr
44 Downing Dr
Lady's Island SC 29907

LOCATION: On and adjacent to the marshes of the Brickyard Creek at 7 Country Club Dr Pleasant Point,
Lady's Island, Beaufort County, South Carolina.
TMS#: R200-009-00A-0096-0000.

WORK: The work proposed consists of constructing a timber bulkhead. The proposed structure will be 120' long 36" high and placed along an eroding shoreline. The purpose for the bulkhead is for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before January 27, 2007.

PLEASE REPLY TO:

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U.S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

Charleston, South Carolina 29405

REGULATORY DIVISION

Refer to: P/N #2006-2619-3IT -P

12 January 2007

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

RONALD G. PETERSEN
c/o ZANDE-JON GUERRY TAYLOR, P.E., INC.
767 COLEMAN BOULEVARD, SUITE 2
MOUNT PLEASANT, SOUTH CAROLINA 29464

for a permit to perform maintenance dredging of the East Port Marina in the

ATLANTIC INTRACOASTAL WATERWAY

located at the terminus of East Port Boulevard, North Myrtle Beach, Horry County, South Carolina (Latitude 33.86270° N, Longitude 78.62459° W).

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, 12 FEBRUARY 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of performing maintenance dredging within the existing basin of the East Port Marina. In detail, the proposed work consists of excavating material with a hydraulic dredge to a depth of 6' with a tolerance of - 1'. The dredged material will be pumped into the Tidewater Basin disposal area. The total dredge volume is approximately 16,500 cubic yards of material and disposal area is capacity approximately 150,000 cubic yards. The dredged material will be dewatered and incorporated into the disposal area or hauled offsite. It is understood that this work will be conducted on/or adjacent to an area subject to a prism and/or disposal easement held by the United States. If a permit is issued, appropriate provisions will be included to ensure the interests of the Federal Government are understood. The purpose of the project is to create depths in the marina that are sufficient for safe navigation and is for the owners' private recreational use.

12 January 2007

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
1949 Industrial Park Road, Room 140
Conway, South Carolina 29526**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions of the South Carolina Coastal Zone Management Act (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review. Persons wishing to comment or object to State certification must submit all comments in writing to the S.C. Department of Health and Environmental Control at the above address within thirty (30) days of the date of this notice.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

12 January 2007

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Jay M. Thomas at 843-365-4329.

Department of Health and Environmental Control by

PURPLE LOTUS, LLC
P.O. BOX 557
YEMASSEE, SOUTH CAROLINA 29945

for a permit to replace an existing dock and construct a bulkhead in

JENKINS CREEK

located at 74 Gardner Drive on St. Helena Island in Beaufort County, South Carolina.

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, 12 FEBRUARY 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of replacing an existing dock and construction of a bulkhead along the shoreline. In detail, the existing T-shaped dock will be removed and replaced with a 28.5" long walkway leading to a fixed 12' x 40' pierhead, with an attached 10' x 40' floating dock. 362 linear feet of timber bulkhead will be constructed along the existing shoreline to prevent further erosion. The purpose of the dock will be for commercial use associated with the applicant's commercial business.

12 January 2007

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. JOINT
PUBLIC NOTICE

CHARLESTON DISTRICT, CORPS OF ENGINEERS
1949 Industrial Park Road, Room 140
Conway, South Carolina 29526
and the
S.C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
1362 McMillan Avenue, Suite 400
Charleston, South Carolina 29405

REGULATORY DIVISION
Refer to: P/N #2006-3610-3II -P

22 DECEMBER 2006

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Section 401 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

PAUL BENDIK
c/o CUSTOM DESIGN MARINE CONTRACTING
P.O. BOX 273
NORTH MYRTLE BEACH, SOUTH CAROLINA 29582

for a permit to dredge adjacent to an existing dock facility in the

ATLANTIC INTRACOASTAL WATERWAY

Located at 2711 Shipswheel Drive, Harbourwatch Plantation, in the City of North Myrtle Beach, Horry County, South Carolina (Latitude 33.85636°, Longitude 78.64777°).

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, 22 JANUARY 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of dredging an area adjacent to an existing dock structure. In detail, the applicant proposes to utilize a track hoe stationed on a barge to excavate 150 cubic yards of material from a 36' X 27' area adjacent to an existing floating dock. The barge will be outfitted with filter fabric along the perimeter in order to prevent any sediment from re-entering the waterway. The barge will transport the material to an area where it can be offloaded onto trucks, which will be lined with filter fabric. The trucks will transport the material to a designated upland site located at Lot #6, Ships Wheel Drive, Harborwatch Plantation, where it will be placed in a filter fabric fence and retained for future use as fill. The purpose of the proposed work is to create a docking slip for the owner's private, recreational use.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a

copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
1949 Industrial Park Road, Room 140
Conway, South Carolina 29526**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 1300 square feet of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Tommy Fennel at 843-365-4239.
